Introducing the South Georgia native Fibercraft F17 Marsh CC Edition! Spanning five generations of boat building expertise, our story is deeply intertwined with the coastal skiff tradition, showcasing over 50 years of craftsmanship. The entire floor, front deck, and rear deck are seamlessly integrated into the stringer and hull, creating a single, robust unit that's both strong and lightweight. Whether you're heading out for a day of fishing or family fun, this boat, with an overall weight of 1100 to 1200 pounds, will prove to be an excellent vessel. It features a 64-inch-wide bottom, a total width of 74 inches, and an overall length of 206 inches.
